

Daimler Truck Financial

Insurance for Small to Medium Fleets

At Daimler Truck Financial, every customer is important. We've been doing business that way since day one, which is why we have been a leader in the industry for close to 40 years.

As the commercial captive finance provider for Daimler Trucks North America, our sole focus is on financing commercial vehicles, making you and your needs priority one. Our strength in the commercial vehicle industry, coupled with our flexibility as a captive finance company make us ideally suited to support our customers' finance and insurance needs. We are driven to provide specialized finance and insurance solutions to help customers run their businesses efficiently and profitably.

Fleet Insurance You Can Trust

Being responsible for a fleet of trucks, you understand the importance of balancing costs but not cutting corners when it comes to insurance coverage. Did you know that as a Daimler Truck Financial (DTF) customer you can receive some of the best truck and business protection¹ programs in the industry?

Daimler Truck Financial is working with EPG Insurance to make insurance products available to our customers. By working together with one of the most respected insurance organizations in the commercial vehicle industry, DTF customers can receive the best truck protection programs available in addition to superior financing options.

EPG's ability to customize insurance offerings provides prompt certificate issuance and a quick turnaround on claims. EPG has the ability to lock your rate and discounts for the term of your loan, meaning your cost will not change even if there is a loss during the term of coverage. This gives you predictability and peace of mind that your insurance rates will not increase.²

Fleet Coverage

GAP (Guaranteed Asset Protection)

Coverage waives a portion or all of what is owed on a finance contract after an insurance settlement is paid for the total loss of a vehicle.

Physical Damage

Provides insurance coverage for physical damage to the covered truck or trailer throughout the U.S. and Canada, with available options including Specified Perils, Comprehensive coverage and Collision coverage:

- Specified Perils coverage provides protection caused only by fire, lightning, theft, hail, wind, earthquake, flooding, mischief and vandalism.
- Comprehensive coverage includes everything within Specified Perils as well as glass breakage and losses caused by hitting birds, animals and from falling objects.
- Either Specified Perils or Comprehensive coverage can be combined with Collision coverage, which provides coverage for collision with another object or overturn.

Primary Liability

Provides protection against legal liability arising out of the ownership, maintenance or use of any insured truck. Pays damages for bodily injury or property damage for which the insured is legally responsible because of an accident.

Cargo

Provides coverage for freight that is damaged or lost while in transit. Policies also cover damage caused by extreme weather conditions, product spoilage or public authority confiscation.

Business Owner's Policy (BOP)

A money saving insurance package combining both property insurance and business liability insurance. Coverage includes property damage, business interruption and business liability, all items that normally are acquired in separate, more costly policies.
